

BraunAbility Chrysler Voyager (lift equipped)

12 passenger van

MetroLite lift van

BraunAbility Chrysler Voyager

The Rideshare Company has been moving people together around the nation since our founding in 1980. In Connecticut, we currently have over 400 vehicles deployed to assist organizations like yours supported by the Department of Developmental Services with their transportation needs. With our expansion to Rhode Island, we will have a far-reaching positive impact on accessible transportation within the Division of Developmental Disabilities' supported organizations.

.....

“Our agency transports participants to and from residences to jobs, volunteer work, personal appointments, and activities... Rideshare provides us with new, clean, well-maintained vehicles. They are an integral partner with us in helping us provide a full life for our participants. They understand our business, care deeply for our mission, and work hard on our behalf.”

— Stephanie Hood, Director of Finance and Operations at Favarh

easyfleet vehicles and management make **your organization's transportation** easy.

A unique vehicle lease program that helps organizations transport people with ease.

Many businesses and organizations need vehicles to get people from point A to point B. What they don't need or want are headaches and hassles associated with those vehicles. That's where The Rideshare Company's easy fleet program comes in. This unique, **all-inclusive** lease program provides vehicles that range from lift vans, to full-size passenger vans and smaller passenger vehicles.

All without tying up an organization's capital, and without the headaches associated with owning or leasing vehicles.

Gas, insurance, and maintenance made simple.

With easy fleet, organizations pay one monthly fee for each vehicle they need. The Rideshare Company takes care of the rest.

Our easy fleet services cover:

- Logistics and accounting
- Costs associated with routine maintenance, gas, insurance and more
- Supply of various vehicle models: full-size vans, minivans, cars, handicap-accessible lift or ramp-enabled vehicles, and pickup trucks (for work teams)
- Temporary vehicle replacements when needed
- Short-term lease options for existing clients
