

Getting in Step

with The Rideshare Company Van Partnership Program.

The Rideshare Company Can Help.

It starts with a phone call. An agency has a fleet of vans that is old and ailing... or a fleet that has grown too costly or too complicated to maintain... or one that is simply too small to suit the organization's expanding needs.

The Rideshare Company is a leader in offering convenient, cost-effective and customer-oriented solutions to your transportation needs. Coming on board with The Rideshare Company program is quick, easy and efficient. Here's a step-by-step look at our simple, hassle-free start-up process.

1 ONE FEE INCLUDES ALL

Our all-inclusive monthly fee covers all your costs: insurance, gas, maintenance, roadside assistance, back-up vans, etc. That helps keep your money where it belongs – in your pocket.

2 FREQUENT COST ANALYSIS

Our fees are based on an estimate of how many miles a van will travel monthly. To ensure that your "estimate" doesn't stray far from your "actual," we compare the two figures quarterly... and pass on any potential savings to you.

3 QUICK & EASY REPORTING

Who needs more paperwork? At the end of each month, you send us a brief mileage and expense report, and a vehicle inspection report... and you're done.

4 SHORT-TERM COMMITMENT

Business equals change – sometimes at a moments notice. Our month-to-month leasing plans give you the flexibility to respond quickly to the shifting demands of your business.

5 "CHARGE IT!"

Need gas... a quart of oil... new wipers... a refill of washer fluid? One thing you don't need is cash. We provide you with a credit card... and we pay the bill.

6 SAFETY-FIRST SERVICE

The safety of our riders is our primary concern. That's why we cover the cost of an 85-point safety inspection every 5,000 miles... plus the maintenance of tires, batteries and brakes.

7 UNINTERRUPTED SERVICE

We won't leave you stranded when your van is on the blink. Roadside assistance is available 24/7. A replacement van is delivered to your door when your van is in the shop.

8 SAFE DRIVER QUALIFICATION

Knowing your employee is behind the wheel is a key component of our campaign to keep riders safe. We carefully research and review the driving record of each of your chosen van drivers ... so you don't have to.

9 QUICK DELIVERY

We work fast to meet your needs. Depending on the features requested, vans can be delivered in as few as three days.

10 SAVINGS WITH A SMILE

The Rideshare Company wants to save you money. If we can't, we'll wish you well with your current transportation program. If we can – and we almost always can – we will work hard to provide you with superior service and incomparable value.

SAMPLE MONTHLY FEES

| MILEAGE | 7 PASS | 12 PASS | 15 PASS | LIFT VAN |
|---------|---------|---------|---------|----------|
| 500 | \$920 | \$975 | \$1,155 | \$1,335 |
| 750 | \$990 | \$1,045 | \$1,220 | \$1,395 |
| 1000 | \$1,050 | \$1,110 | \$1,280 | \$1,455 |
